A DRIVE TO WIN

New in 2009 is the Museum's third free traveling exhibit, A DRIVE TO WIN, thanks to the generosity of Hanover Shoe Farms. This exhibit celebrates the drivers and trainers who make every race possible, but through circumstance, choice, design or fate, did not rise to stardom. You will not meet them in the Hall of Fame; however, their stories are important. These twenty-seven heroes and heroines are poignant, down to earth and, most assuredly, worthy of our respect, affection and, above all, appreciation.

Their message is clear: the one shining element that connects all, even through adversity, is their love of and commitment to the great sport of harness racing. So plan to stay awhile as you discover the joys and heartaches of this exciting, historic sport. Journey with us and learn why these wonderful athletes had such a DRIVE TO WIN!
