

LIVING HORSE HALL OF FAME 2011 INDUCTEE

ETERNAL CAMNATION

(Nominated as Race Horse)

p,5,1:49.2 (\$3,748,574) Bay Mare, 1997

(Cam Fella – Cool World - Nihilator)

Eternal Camnation ranks as the leading moneywinning pacing mare of all time, the third-leading moneywinning pacer of all time, and the tenth-leading moneywinning Standardbred of all time.

In 1999 Eternal Camnation finished second in her first race but went on to win her next 12 consecutive freshman contests, culminating with a Breeders Crown victory and both the USTA and Canadian (O'Brien) Two-Year-Old Pacing Filly of the Year awards. During her 2000 sophomore season, "Cammie" won the Fan Hanover and the Jugette as her earnings topped the \$1 million mark.

As a four-year-old in 2001, Eternal Camnation won the Lady Liberty, her second Breeders Crown, and the Milton Stakes. With her triumph in the Roses Are Red final, Eternal Camnation became the richest distaff pacer ever. She finished the year a nose shy of \$2 million in lifetime earnings and was voted 2001 Pacing Mare of the Year in both the U.S. and Canada.

In 2002, five-year-old Eternal Camnation won her second Roses Are Red Pace and Milton Stakes, again receiving U.S. and Canadian Pacing Mare of the Year honors. In 2003, Eternal Camnation would win her last nine straight races, including her third Breeders Crown and Milton Stakes as well as the Classic Distaff. That year she set the world record for five-year-old and older pacing mares on a five-eighths mile track and earned \$908,346, bringing her lifetime earnings to over \$3 million. For the third time, she was voted Pacing Mare of the Year in the U.S. and Canada and also won Canada's 2003 Horse of the Year award.

Eternal Camnation's greatest victory in 2004 was her Classic Distaff win. She garnered her fourth consecutive Canadian Older Pacing Mare of the Year award and retired with \$3,748,574 in lifetime earnings. "Cammie" is currently performing her broodmare duties in Ohio.
