THE YEAR 1952 being the 20th anniversary of Greyhound, 1:55 1/4, world's fastest trotter, Hoof Beats is reproducing summaries of all public appearances of the great son of Guy Abbey-Elizabeth by Peter the Great. This includes, not only all of his races from the time he was a two-year-old in 1934, through his retirement in 1940, but it includes all of his exhibitions against the watch.

The accompanying box score shows conclusively what a great star Greyhound was on the turf. Today the great Grey Ghost lives in palatial quarters just outside of St. Charles, Ill. There he receives the homage of the king that he is from Col. E. J. Baker, his owner from the time he was purchased as a yearling, and countless visitors who visit the great champion.
